

Resource Room Brochures/Booklets

Children's Leukemia Foundation of Michigan (CLF) firmly believes that knowledge is power. Through our Resource Room, we provide access to a wide variety of print and audio/visual materials that can empower patients and those who care about them with the information they need to make informed decisions.

CLF acts as a "clearinghouse" for a number of helpful brochures and booklets. We distribute these materials free of charge. The list below is arranged alphabetically by subject. These resources are not intended to substitute for advice from your health care team. To request a copy of a brochure or booklet, simply put an 'X' next to the resource you would like to receive, and then mail this completed form to CLF at **5455 Corporate Drive, Suite 306, Troy, MI 48098**, or fax it to **(248) 530-3042**. You may also request materials by phone at **(800) 825-2536**, or by e-mail at **info@leukemiamichigan.org**. Please limit requests to no more than five items to control shipping costs.
